What to do - step-by-step to well-prepared conversations

Use this tool to collate and organise your learnings, and to plan ways to share them with your new leader.

1. Read through the notes you took using the tool that is listed for each conversation topic.
2. Develop discussion points that will enable you to share your insights in your conversations and to engage your new leader in your transition plan

Tips

Your new leader will want to know

- what you have learned about your role and the leadership that is required
- what actions you believe are required to take the team and project forward
- how they will work with you - how each party will adapt to the other
- how you see yourself and how you plan to develop your leadership capabilities
